PROFILE

Motivated graduate software developer with skills in Java, React, and Spring Boot. Experienced in building APIs and creating user-friendly applications. Recently completed an NQF Level 6 qualification and worked as a frontend developer intern. Enjoys solving problems and learning new things.

EDUCATION

2023 - 2025

CTU TRAINING SOLUTIONS

- IT Database Development (NQF 6) Certification

SKILLS

- Frontend Development: React.js, Redux, Material UI
- Backend Development: Java, Spring Boot, Spring Data JPA
- API's and Frameworks: Rest API, JDBC, Firebase
- Databases: MS SQL, MYSQL
- Version Control: Git & GitHub

WORK EXPERIENCE

2024 November - 2025 June

Learnhall (Remote)

Web Developer Intern (Volunteer)

- Made websites using React, HTML, CSS, and JavaScript, and worked with a team on different projects.
- Used session storage to add features like timers and keep things working between page changes.
- Improved how websites look and work on phones and computers, and added smooth animations.

Personal Projects: [portfolio-website](#)

Kick Land - Full-Stack Web Application

- Developed a sneaker marketplace using React.js (frontend) and Spring Boot (Backend).
- Implemented user authentication, product browsing, shopping cart and order management.
- Designed profile management and optimized state handling for a seamless user experience.

Learnhall - Online Tutoring Platform

- Developed a platform that connects students with tutors, streamlining the matching process.
- Implemented user data collection for course preferences and tutor details.
- Automated email notification to send collected data directly to the company for processing.

CERTIFICATES

- Microsoft Certified: Azure Fundamentals
- MTA: Introduction to Programming Using JavaScript
- MTA: Introduction to Programming Using HTML and CSS
- MTA: Introduction to Programming Using Python
